Little Falls, MN

SUMMARY

I am an experienced design professional who is results oriented. I have 8+ years of experience in interior, environment and experience design, space planning, color theory, lighting, realistic 3D environment renderings, and project management. I am proficient in 3D Max and Adobe Creative apps. I am organized while multitasking. I am a collaborative creative thinker, efficient problem solver, and passionate about experiential design.

EXPERIENCE

3D Experience Designer – Czarnowski Display Service

Remote | Sept 2023 – Present

Create and design brand environments for pharmaceutical companies. Create ideations, white model sketches, research and reference images, design models, and visualize exhibit space for multiple shows. Manage multiple pharmaceutical project timelines and develop and maintain collaborative relationships with peers, vendors, and clients. Internal and external forms of communication include email, phone, and teams.

Associate 3D Designer – Spiro

Remote | Jan 2022 – Sept 2023

Create and design brand environments for Worked in partnership with Creative Directors and other senior creative teams to develop experiential solutions for Pharma companies. Bringing ideas to reality in a practical and timely manner. Created environmental design ideas for conferences, and trade shows. Created detailed 3D visualizations, such as floor plans, conceptual renderings, and elevations.

Exhibit Partners – New Business Development Intern

Maple Grove, MN | Summer 2019

Developed new business. Coached and critiqued by the sales team and given sales tools for success. Developed a better understanding of account coordination & sales in the exhibit, event, and design industry.

Chicago Exhibit Partners – Design Intern

Bolingbrook, IL | Summer 2018

3D modeled inventory and exhibit spaces. Attended meetings, on-site visits, and trade shows. Developed a better understanding of verbal and visual presentation skills. Gained experience in the design industry.

I'll Tile & Stone – Interior Designer - retail/customer service

Detroit Lakes, MN | Jun 2016 -Mar 2017

Established trusting relationships with designers, vendors, and key clients. Designed projects such as showers, kitchen countertops, and backsplashes, and other home remodels while using and maintaining product information and displays. Ordered materials, estimated product, and scheduled installers for flooring and countertop installs.

Ravnik & Co – Design Assistant

Alexandria, MN | May 2015 – Jun 2016

Spec. products, fabric, and technical information. Maintained product library and staged the design floor to please the eye.
